

## Medical Practice owner saving ~£17K annually (12 hours a month) using Gobbill.

- Paul is a Medical Practice owner.
- He started as a sole practitioner and quickly expanded to over 10 staff including general practice medicine, osteopath, physiotherapy, myotherapy and more.
- He would have spent around 12 hours per month managing invoices (£97 per hour of his time) plus £2,846.23 per year on additional administration services.
- Additional revenue and savings of £16,814.23 per year.

*“Gobbill draws out all our invoice info, checks for any fake bills, and if you want, can pay them directly from your credit card. It also works in with our Xero software. Using Gobbill has given me back heaps of time, so I can focus on my business!”*

*Paul uses Xero + Gobbill*
